Mauldin Miracle League receives \$2500 from a Rotary District Simplified Grant

GREENVILLE, SC (March 2010) – The Greenville Evening Rotary Club recently gave \$2500 to Mauldin Miracle League. This donation was made possible from a District Simplified Grant from Rotary District 7750. This check was presented to Dennis Raines and Don Johnson of the Mauldin Miracle League during a regular club meeting.

District Simplified Grants are a tool for Rotary District 7750 to support short-term humanitarian projects that benefit the local community. The Rotary Foundation of Rotary International returns 20% of each District's contributions for use within the District.

The Mauldin Miracle League is an organization dedicated to giving children with physical or mental challenges the opportunity to play baseball. Their motto is "Every child deserves the chance to play baseball."

The Greenville Evening Rotary Club is a service organization of local business men and women who participate in numerous community service projects. In addition to the annual Reedy River Duck Derby, the Greenville Evening Rotary Club participates in house building with Habitat for Humanities, donating dictionaries to Cashion Elementary School, and sponsoring a new youth values program, Early Act/First Knight, at the Powdersville Middle School. Rotary Club members worldwide work to achieve the key Rotary objective of "Service above Self."
